

**Blue-Jay Entlys
Puppy Questionnaire**

All dogs used in our breeding program have had their hips certified through OFA, their eyes cleared (annually) by a board certified ophthalmologist. Our goal is to produce a healthy and structurally correct puppy with a good temperament". We personally strive to place our puppies into homes where they are going to be in the house and part of the family. Whether they are being placed as show dogs or as a family companions our goal is to breed the temperament and character that best suits this life style, gentle, friendly, and easy going but we also strive for a temperament that will be versatile for the show, obedience ring or agilty.

Your assistance in completing this questionnaire will help us to place the right puppy in your home. All information will be kept confidential and used only by us. Thank you for your cooperation and interest in our dogs.

If you would like to come and visit us and our dogs we would be more than happy to set up an appointment for you. When placing our puppies we do not work on a first come first serve basis, we will look at the lifestyle of each new potential home and match the best puppy to that home. We do take your considerations into account when choosing the puppies but the most important thing for us is to place the right puppy into your home. We have found over the last 26 years this has been the best way to place the puppies into their new homes, and hope that the puppy that is chosen for your home is a welcomed addition to your lives.
